Action of an American Officer Renews the Insurrection In Bohol.

PEOPLE IN A RAGE FLY TO ARMS

Vigorous Protest Against the Alleged Arbitrary Exercise of Authority on the l'art of the Civil Service Board.

Manilla, June 18.—Captain Andrew Rowan of the Nineteenth Infantry Is under investigation for the destruction of a town, and thereby eausing an active renewal of the insurrection in the island of Bohol. A native who had assassinated a corporal was caught and killed. Captain Rowan then burned an adjacent town, and the people in a rage joined the insurgent chlef, Sampson.

One hundred and fifty former Unlted States soldiers, a majority of them being capable employes of the civil departments, have protested to General MacArthur against the alleged arbitrary exercise of discretionary authority on the part of the civil scrvice board. The law gives the board discretion to make a rule requiring the examination of oid employes, and the board has not announced whether it will or will not render these exam-Inations. Aii the petitloners agree to resign rather than submit to examinations, and will accept private employment unless the matter is settled quickly. The members of the board say that since no action has been taken there has been no grlevance. General MacArthur has requested the board to transmit to him a rule covering the point, for promulgation according to law.

The members of the civil service board say they have taken no action on the question involved, but have notified Lieutenant Coionel Crowder, the military governor's secretary, to send his clerks for examination. Colonel Crowder in reply asked for the certification of the rule under which the examination was required. Coionel Crowder says it would be inconvenient to spare the men, and that the requirement is unduly stringent at the present juncture.

Cailles' insurgent troops are beginning to rendezvous at Pagsanjan, Laguna province, whence they will proceed to Santa Cruz, on Laguna de Bay, to surrender. The Americans are evacuating Pagsanjan at Caliles' 1equest. In the meanwhile the saloons in Laguna are closed.

Minister Loomis Pleased.

Paris, June 18.-Francis B. Loomis, until recently United States minister to Venezucla, said he was very much pieased at his appointment to the post of minister to Lisbon. He thought he was entitled to regard the appointment as an open expression of confidence on the part of the administration, which had unfalteringly supported him in the Venezuelan trouble. Mr. Loomis did not foresee ground for any renewal of the unpieasantness.

Chinese Soldiers Heid Back.

Peking, June 18 .- The foreign ministers have declined to assent to al low 3,000 Chinese soldiers to come to Peking now. They consider that it would be inadvisable to permit such a step to be taken before the latter part of August, by which time the international troops, with the exception of the legation guards, will have left the city. The ministers also declined to permit international troops to guard the Forbidden city until the Chinese soldiers shail arrive.

Bad For Jessie Morrison.

Eldorado, Kan., June 18.-It is considered that the state's case against Jessie Morrison has been made stronger at this triai by the introduction as evidence of several sllps of paper upon which Mrs. Castie wrote as she iay on her dying bed. Her windpipe had been severed with the razor in Miss Morrison's hand, and she could communicate with those about her by writing only. It seems the dog's master is employed at work where dynamite cartridges are used in blasting. A blast had just been set and the men retired to cover, when the dog, seeking a place to sit, chose of all others a place in the immediate vicinity of the cartridge. When the horror stricken owner saw his pet's peril he would have rushed to his rescue, regardless of consequences, but was restrained by his fellows. When the blast went off, the dog, after a brief but spirited exhibition of queer gyrations in midair, returned to earth with a "dull, sickening thad." On carefully examining the remains his master found him in a comatose state, with abdomen so badly torn as to make it a matter of difficulty for him to hold his future rations, there being a possibility that he might never again enjoy a meal. Nothing daunted, his tearful master wrapped the animal carefully in his coat and took him home. His wife, a good hearted soul, who has some knowledge of surgery, after a critical examination sewed up the and in a couple of weeks, strange to say, the dog did not incinde, it was noticed, his daily visit to the city of Maysville, at the November election, his master's scene of labor. ### KICKED TO DEATH.

Some months ago Mr. F. F. Gerhrich, dealer in pianos and organs, sold a hay mare to Mr. William Bradley, who lives on the Calvert farm, just east of the fair grounds. Since then the mare, when not at work or on pasture, has occupied a stall adjoining that of another mare owned by Mr. Bradley, the two animals being separated only by a pole.

One day last week Mr. Bradley and son returned from a long trip through the country, selling sewing machines. The trip was made in separate vehicles, drawn by the two mares. They traveled about forty miles the day of their return. On arriving at home they placed the mares in their accustomed stalls, the one driving the Gerbrich mare reaching home some time ahead of the other.

During the evening they heard a great racket in the stable and going hurriedly they found the Gerbrich mare was being kicked do death by her companion. Being haltered she was unable to escape the terrific blows. Mr. B. tried every way to put a stop to the unequal battle, finally clubbing the seemingly maddened animal with a tobacco stick. When he at last got the two separated, the Gerbrich mare sank to the ground and died soon afterwards. An examination showed that her side had been pounded almost

THE LADY DENTIST,

Arbuckles' Roasted Coffee

Makes того cupfuls of better coffee to the pound than any of its imitations

Is prepared by an individual firm who made their reputation many years ago; who intend to maintain it as long as the people appreciate good, pure coffee, at an honest coffee price. If others imitate Arbuckles' coffee, that's their business; if you prefer an imitation coffee, that's your business. But you'll find that it's economy to pay a cent a pound more for Arbuckles' Ask the grocer for Arbuckles' Roasted Coffee, the original package coffee, and refuse imitations under any other name.

With each package of Arbuckies' Coffee you buy a definite part of some useful article (see list which each package contains). The article is yours whenever you present a certain number of signatures from the wrappers at our Notion Dept. Look for the list.
